*LDS Employment Resource
Services can help!*

Our goal is to connect schools with potential students who have been taught the principles of reliability, responsibility, and continued improvement. We help people acquire the education and skills necessary to get a good job, be successful in a business, and otherwise make a contribution in their communities. Whether they get a job or start a business, we want to help people plan their careers and learn marketable skills in order to become economically self-reliant.

Our services are free. We simply ask that you provide a quality education and training experience for the people we refer to your school. Please contact any of our employment centers to discuss ways we can work together to help people obtain marketable skills.

LDS Employment Resource Services is a valuable resource that can help your school:

- Effectively reach hundreds of potential students.
- Advertise education and training programs at no cost.
- Share information about grants, scholarships, loans, work-study programs, and other benefits.
